

## *Headphones Needed*

Each day, Five Points students will be using iPads for reading and math learning activities during intervention. Most of these programs utilize audio which can be a bit noisy in the classroom. We are asking parents to send in a pair of headphones for their child in a labeled ziplock baggie. These will only be used by your child and will be sent home at the end of the year. If you are unable to purchase your child headphones, please let the classroom teacher know. While they do not need to be anything fancy, full headphones work better than earbuds. Below are some possible examples of headphones, but you do not need to purchase from this list.

Caliphone 2800
